Lee Smith invites you to attend a powerful, intense and rewarding experience that will open the door to meet the horse that lives behind the hide and hair.

Are you:

- Uncertain about the relationship you have with your horse & would like to reestablish it?
- Having trouble with your horse in a few situations that cause you to feel unsafe?
- Committed to an idea or philosophy of horsemanship that may be holding you back from success and want to strive for more?
- Willing to dedicate yourself to becoming a disciplined rider and horseman?
- Looking for a fun, safe environment to learn in?

Then Lee Smith can help you!

The Essential Elements of Horsemanship™ are the keys to your success. Lee teaches these at each of her clinics.
