Welcome back and thank you for helping to make Queenie Productions first year of shows such a wonderful success!! Without you, we couldn't have done it. We will continue to extend to you the same level of hospitality and accommodation that you have become accustomed to at Queenie Productions shows.

We are very excited about our upcoming shows as well. This winter in Lake St. Louis you can look forward to continued Grand Prix and AA Hunter competition as well as some very special classes and competitions. In December, we are hosting a \$25,000.00 International Hunter Derby thanks to the very generous Moyer Farms, LLC. In January, we are hoping to offer a WCHR week of competition and looking to the finals, we are adding a \$5,000.00 1.20M Classic for the top 20 qualifiers out of our classics in the winter. We will also continue to offer the \$5,000.00 Hunter Rider Bonus and the \$5,000.00 Jumper Rider Bonus!

In Memphis next year our April shows will offer a 3' Children/Adult Derby the first week and an Open Hunter Derby the second week along with our AA Hunter show schedule. In 'Memphis in May' – get ready!! We will offer two weeks of Grand Prix competitions as well as two back to back \$10,000.00 International Hunter Derbies!! To my knowledge, this is the first time this back to back Grand Prix/Derby format has been offered in the country!

In our June shows, we are going to try a brand new format. We are going to offer three A horse shows in two weeks!! It has worked out East for years and it should work for us in the Midwest. It offers you three different opportunities in the same location to pick up those very important qualifying points for the Medals and Indoors without having to traipse around the country.

A very exciting year of horse shows awaits – and it's all thanks to you!!

Come back and have a GREAT time at the horse shows again!

### II. Jog Format

- A. All horses entered in the International Hunter Derby class must jog for soundness during the Official Jog prior to the start of the First Round in order to compete. The Official Jog must be held within twenty-four (24) hours of the start of the First Round.
- B. Proper attire is required (i.e. riding clothes or proper attire which an exhibitor would wear to compete in a model class).
- C. All horses must be presented at the Official Jog with their actual competition number and wearing a conventional hunter bridle, including noseband.
- D. The Judging Panel for the Official Jog shall consist of the Competition Veterinarian and a minimum of one Judge from the Judging Panels officiating for the class.
- E. The jog surface must be level. Horses shall be evaluated from the side and following consultation with the veterinarian, the decision of the participating Judge(s) is final and binding and not subject to further appeal of any kind.
- F. If the Judge(s) require a horse to jog more than once, the horse is permitted to be re-presented for soundness at the end of the jog. If an exhibitor is interested in re-presenting their horse, they must declare this following their first jog, notify the Judges of their intention to re-present and the horse cannot leave the Official Jog area prior to representing the horse. It is the responsibility of the competitor to be ready for the re-jog on time.

### III. Order of Go

- A. Each rider or a representative of each rider must attend the riders meeting where the draw will be conducted and/or announced.
- B. The draw may be performed by hand or Management may host a computer draw.
- C. In the case of multiple horses being ridden by the same rider, Competition Management must pre-select draw positions for each horse. When possible, every effort will be made so that there will be a minimum of six horses (if available) separating multiple rides. All horses must be ridden in the sequence that appears on the jumping order in all Rounds of the competition, unless class specifications call for a new order for a Second Round and/or Jump Off.

### IV. Stabling/Schooling

- A. All horses competing in the Derby class must be on the competition grounds twenty-four (24) hours prior to the start of the First Round of the class.
- B. All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing its participation in the Derby class is disqualified.
- C. All horses must be ridden in official horse show schooling areas unless Management designates a specific schooling area for Derby horses. Riders must wear the horses' competition number while mounted.

### V. Judges

- A. There will be a total of four (4) Judges for this class. Judges will be seated separately in two (2) Panels consisting of two (2) Judges per Panel.
- B. Each Judging Panel may consist of either two "R" hunter Judges or one "R" hunter Judge and one "r" hunter Judge.
- C. All Judges must be Federation licensed and in good standing with the Federation and USHJA.
- D. No guest cards will be granted for this competition.
- E. Prior to the start of the class, one Judging Panel must be designated as the tie breaking Judging Panel for the First Round and another Panel must be designated as the tie breaking Judging Panel for the Second Round. The tie breaking Judging Panel for the First Round will also be designated as the tie breaking Judging Panel for the Jump Off Round.

### VI. Judging System

- A. The Classic Hunter Style Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. In addition to this base score,

each Judging Panel must award an Option Bonus Score consisting of one (1) additional point for every higher height option fence jumped. These two scores must be announced separately and then added together to determine each rider/horse combination's score for this Round from each Judging Panel. The scores of all the Judging Panels will be added together to determine the total score of each rider/horse combination for this Round.

- B. The Handy Hunter Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each Judging Panel must award an Option Bonus Score consisting of one (1) additional point for every higher height option fence jumped and each Judging Panel must award a Handy Bonus Score consisting of between zero (0) and ten (10) bonus points to each rider/horse combination for handiness of Round. These three scores must be announced separately and then added together to determine each rider/horse combination's score for this Round from each Judging Panel. The scores of all the Judging Panels will be added together to determine the total score of each rider/horse combination for this Round.
- C. The Jump Off Round, if required, shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each Judging Panel must award an Option Bonus Score consisting of one (1) additional point for every higher height option fence jumped and each Judging Panel must award a Handy Bonus Score consisting of between zero (0) and ten (10) bonus points to each rider/horse combination for handiness of Round. These three scores must be announced separately and then added together to determine each rider/horse combination's score for this Round from each Judging Panel. The scores of all the Judging Panels will be added together to determine the total score of each rider/horse combination for this Round.
- D. The total scores of each rider/horse combination from each Round will be added together to determine their final overall Hunter Derby score. This score will determine the final overall standings for the class.
- E. A Judging Assistant must be present in the arena during all phases of the competition. The duties of the Judging Assistant include notifying the Judges if a rail comes down and when a horse jumps the higher height option fences. The Judging Assistant is not required to be a licensed official and is not responsible for the scoring of the Judging Panels. A competition staff member may fill this role.
- F. The Option Bonus Score of one (1) additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the rider/horse combination does jump the higher height option fence.

### VII. Tie Breaking Procedures

- A. All ties in all Rounds will be broken.
- B. All ties in the First Round will be broken by the designated tie breaking Judging Panel using the base score (before adding height bonus points) of that Round. Only the top twelve (12) horses from the First Round, after all ties are broken, will be eligible to return for the Second Round. In the event that a competition states in their prize list that more than twelve (12) horses will be invited back for the Second Round, after all ties for the stated number of horses to return have been broken, the stated number of horses will be eligible to return for the Second Round.
- C. All ties in the Second Round will be decided by the designated tie breaking Judging Panel using the base score (before adding height or handy bonus points) of that Round.
- D. All ties for overall first (1st) place in the class will compete in a Jump Off Round. Ties for other than first (1st) place will be broken using the Second Round base score (before adding height or handy bonus points) of the designated Jump Off tie breaking Judging Panel. In the case of unsafe conditions preventing a Jump Off from being held, the Second Round base score (before adding height or handy bonus points) of the designated Jump Off tie breaking Judging Panel will be used to break all ties including first (1st) place.
- E. Neither Judging Panel may award the same base score to any two competitors in any one Round.

### VIII. Award Presentations

For all Member Event Series classes, USHJA will provide ribbons for the First Round, Second Round and the Overall standings. All riders in the top twelve (12) overall (or their designated representative if they are not available) must ride for ribbons in order to receive prize money.

### IX. Class Specifications

- A. A minimum of \$10,000 prize money must be offered per class.
- B. The entry fee can not exceed 5% of the prize money offered.
- C. In order for International Hunter Derby points to be awarded, riders must complete the USHJA Exhibitor Declaration Form. If the Exhibitor Declaration Form is not completed and submitted to the show office either at the time of entry or at least one hour prior to the start of the class, riders will not receive points for the International Hunter Derby. Riders may only declare hunter sections for National HOTY points and horses shown by Junior and Amateur riders may only declare their applicable Junior Hunter or Amateur Hunter section.
- D. There is no limit to the number of horses a rider can ride in each class; however, a competition may limit the number of horses a rider can ride in a class upon approval of the USHJA if the request is made at the time of application for the class and if, upon approval, such limitation is printed in the Prize List.
- E. Horses entered in this class are not required to show in any other hunter or jumper classes at the horse show.
- F. If questions arise pertaining to the International Hunter Derby that cannot be answered from the class specifications provided, one of the following USHJA representatives must be contacted to resolve any questions regarding the judging procedures or class specifications:
 

Kelley Malley-Director of Competitive and Educational Programs .....	859.967.3193
Ron Danta-Chairman of the High Performance Hunter Committee .....	803.243.0700
Geoff Teall-Member of the High Performance Hunter Committee .....	561.346.4488
Bill Moroney-USHJA President .....	301.730.8280
- G. A computer ranking system tracks the money won for both the horse and rider.
- H. The USHJA International Hunter Derby is a featured class of the horse show, and must be presented as such with regard to arena size and location, jump quality, decorations, footing and ring preparation, lighting, etc. The Derby ring must have spectator seating, a quality sound system, and a dedicated announcer with no other duties during the class.
- I. The USHJA International Hunter Derby is a two round class with a jump off round when necessary. Competition Management may apply to hold the Derby class in its entirety on one day or may apply to hold the First Round on one day and the Second Round and Jump Off Round (when necessary) on the following day. If the two day format is utilized, the class must be held on consecutive days with the First Round on day one and the Second Round and Jump Off Round (when necessary) on day two. When applying to host a Derby class, Competition Management must designate the format they intend to follow and apply for the day(s) and date(s) accordingly. Competition Management must then list the format they have been approved for in their prize list, schedule, and any other form of advertising for the Derby class. Any request to change the format and date(s) applied for and approved must be made in writing to the USHJA a minimum of thirty (30) days before the date(s) of the class and all exhibitors must be notified of the change.
- J. The course diagrams for each Round must be posted a minimum of one hour before the start of the First Round, unless the Second and/or Jump Off Rounds are held at another time. In that case, the course for the Second and/or Jump Off Rounds must be posted a minimum of one hour prior to the start of the Second Round.
- K. It is important for Competition Management to make sure that information on the scoring system is available to spectators.
- L. The same horse may not compete in the USHJA International Hunter Derby and the National Hunter Classic at the same competition.

### X. Miscellaneous

- A. For all classes, Competition Management is required to provide copies of the course to riders prior to the start of the course walk and are encouraged to have them available for spectators.
  - B. All classes must hold the following meetings:
    1. Officials Meeting should be held prior to the Riders Meeting, Derby Judges, Course Designer, Steward, and Competition Manager are required to meet prior to the start of the class to review the specifications, judging system and to walk the course.
    2. Riders Meeting must be held prior to the start of the class. Course designer and at least one officiating Judge and Steward must attend this meeting to answer any questions regarding the course, judging system and class specifications.
  - C. Formal/dress attire required by riders. Buff breeches and shad belly, white breeches and dark or scarlet coat, hunt colors coat or official sponsor or team jacket permitted.
- XI. The USHJA International Hunter Derby and the related format and specifications are the sole properties of the USHJA and may only be held, conducted or used only upon the terms and conditions specified by the USHJA. USHJA reserves the right to change language in documents related to the conduct of the USHJA International Hunter Derby as necessary for the purposes of consistency and clarity.

Any deviations from the class specifications for the USHJA International Hunter Derby are not permitted without the expressed written permission from USHJA prior to the printing of the Prize List.  
For any rules not specified above, please refer to the current USEF Rule Book.
