

Need to geld a stallion? This is your opportunity to have the procedure done at an affordable rate by a veterinarian who is a member of the American Association of Equine Practitioners (AAEP.) See below for details and sign-up information.

Equine Castration Clinic

When: Monday, October 8, 2012 (Columbus Day). Scheduled times begin at 10AM.

Where: Jackson Animal Clinic, 14205 Highway 92, Platte City, MO 64079.

Hosted by: Changing Leads Equine Rescue, Dr. Kent Jackson and Dr. Aaron Brisbane.

Cost: Part of the cost of each castration is defrayed thanks to "Operation Gelding" funding from the Unwanted Horse Coalition, leaving the total cost for most horses of average size to be \$100 - a substantially discounted rate.

Eligibility: All stallions must be fairly clean, in good health, and at least four months of age, with two descended testicles. The stallion must arrive at the clinic with a qualified handler, wearing a well-fitted halter and a sturdy lead rope. Horse must be up to date on vaccinations and deworming.

Sign-up: **Space is limited. To sign-up, you must apply by sending an email to changingleadsrescue@gmail.com.** If accepted, each stallion owner will receive a scheduled time to bring the horse to Jackson Animal Clinic on Monday, October 8. In the email, please include contact information including cell phone number, a description of the stallion including age, any health problems, date and name of most recent vaccinations, and date of most recent deworming.
