Well another year has come and gone and here we are again, back to one of the most fun circuits around! The Winter Series is always a great place to catch up with all our old friends and to make lots of new ones. This year we are offering several exciting new classes as well as continuing to offer some of the great classes you have enjoyed before. In our December shows we will once again have our Toys for Tots Grand Prix and Dinner. Please plan now for the toys you will need and let's make a lot of underprivileged kids really happy during the Christmas Holidays. We are also offering increased money in the High Jr/AO Classics and we are once again hosting a \$25,000.00 International Hunter Derby in December!! One of the new classes we are offering is the USHJA Pre-Green Incentive Classic. This class is open to all nominated Pre-Green horses at the show and will eventually lead them to chance at \$25,000.00 Finals to be held in Lexington, KY later in the year. In February we are offering some new Jumper Classics that we hope will give an opportunity to move your young horses and riders up in a Grand Prix like setting without over facing them and also giving them a chance to win some money. We will also have the Tack Trunk Circuit Awards again this year due to the wonderful generosity of Maura Tobler and the Tack Trunk. Lots of great fun and great competition in a wonderful climate controlled environment for your Winter Showing Pleasure!!

Our June Series was successful once everyone caught on to what was available. In two weeks you get: FOUR CHANCES TO QUALIFY FOR PONY FINALS, FOUR CHANCES TO QUALIFY FOR JUNIOR HUNTER FINALS, FOUR CHANCES AT GETTING THOSE LAST MINUTE POINTS NEEDED FOR THE MEDAL, THE MACLAY, and THE WASHINGTON AND THE USET!! All this in one stall, in one Hotel room and at one facility with one ride in the trailer. The change that you will see this year is that we are going to move the shows indoors!! That way we can keep the fans moving and get you guys out of the SUN!!

Our September show will once again host the Zone 7 Equitation Championships! This is a very exciting class that we are really proud to offer. If you or your riders have won a major equitation class through the year you are automatically qualified for this class and the winner gets an automatic qualification for the Medal Finals in Harrisburg!

Gallop in the Glen at the River Glen Equestrian Center in New Market, !! I can't say enough about how much fun those horse shows were this year and don't have room to tell you all the wonderful things that are in store for next year! This is a beautiful part of the country with a wonderfully designed facility that has all the things horsemen look for in a facility, plus some of the nicest people you would ever want to meet or compete against. I can't say enough good things about it - so I hope you put us on your calendar for 2013 so you can enjoy what is Gallop in the Glen!!

Looks like another fun year of showing and we wish each and everyone of you the BEST of LUCK!!!

Come back and have a GREAT time at the horse show again!!

### USHJA PRE-GREEN INCENTIVE PROGRAM

The USHJA Pre-Green Incentive Program has been created to encourage the development of young hunters.

#### Enrollment and Eligibility to Compete

The Pre-Green Incentive program is open to horses of any age that are eligible to compete as a pre-green hunter under Federation rules. A horse's pre-green status which is reinstated in accordance with Federation rules is eligible to compete in a USHJA Pre-Green Stake Class provided all other requirements have been met.

Horses must be enrolled in the USHJA Pre-Green Incentive Program and pay the annual enrollment fee to participate in the Pre-Green Stake classes and to be eligible for the Pre-Green Championship. Additionally, horses must be registered with USHJA and recorded with USEF to participate. Horses must be enrolled in the Pre-Green Incentive Program prior to competing in a Pre-Green Stake class. Only horses appearing on the enrolled list are eligible to compete in a Pre-Green Stake class. Only enrolled horses that have competed in a minimum of two USHJA Pre-Green Stake classes between December 1 and July 31 of the competition year, in which the Championship is held, are eligible to compete in the Championship. It is the exhibitor's responsibility to enroll his horse in a timely manner in order to be eligible to participate.

#### Pre-Green Stake Classes

Pre-Green Stake classes may be held at any USEF AA, A, B or C-rated hunter competition or any competition that has been approved for a Special Competition status. Each class must offer a minimum of \$1,000 in prize money when held at an AA or A-rated competition or a competition that has been approved for a Special Competition status, and a minimum of \$500 in prize money when held at a B or C-rated competition.

Horses may be ridden by a professional, junior or amateur. There is no limit to the number of horses a rider may compete in the class.

Gambler's Choice Competition (FEI Rules for Jumping Art. 270)

- a. In this competition, a certain number of obstacles are set up in the arena. Each obstacle carries from 10 to 120 points according to its difficulty. Combination obstacles are not allowed. The obstacles must be built so that they can be jumped in both directions.
- b. The points allocated to the obstacles may be repeated at the discretion of the Course Designer. If it is not possible to place 12 obstacles in the arena, it is up to him to delete the obstacles he wishes.
- c. The competitor is credited with the number of points carried by each obstacle that he has jumped correctly. No points are awarded for an obstacle knocked down.
- d. Each competitor has 45 (minimum) to 90 seconds (maximum). During this time, he may jump all the obstacles he wishes in any order and in any direction. He may cross the starting line in either direction. The starting line must be provided with four flags; a red and a white flag at each end of the line.
- e. Ringing the bell declares the end of the round. The competitor must then cross the finishing line in one direction or the other to allow his time to be recorded. If he does not cross the finishing line, he is placed last of the competitors with the same number of points. The finishing line must be provided with four flags; a red and a white flag at each end of the line.
- f. If the fixed time is reached at the moment when the horse is already taking off (front hooves off the ground), this obstacle counts if it is correctly jumped.
- g. Any obstacle knocked down during a round will not be rebuilt; if it is jumped again, no points will be credited to the competitor. The same applies for knocking down an obstacle in disobedience or for displacing a lower part positioned in the same vertical plane. In the case of a disobedience without a knock-down, the competitor may jump that obstacle or continue to the next obstacle.
- h. Each obstacle may be jumped twice. The act, voluntarily or not, of jumping an obstacle for the third time or of passing between the flags of an obstacle for the third time or of passing between the flags of an obstacle already knocked down does not incur elimination. However, the competitor does not score the points allotted to this obstacle.
- i. All disobediences are penalized by the time lost by the competitor. The competitor must stop after a fall. Nevertheless he is placed according to the points obtained up to the moment of his fall disregarding the time.
- j. The competitor who has obtained the highest number of points will be declared the winner. In the event of equality of points, the fastest time taken between the starting line and the finishing line will decide. In the event of equality of points and time for first place, there will be a jump-off according to the same formula with a fixed time of 40 seconds.
- k. An obstacle may be provided in the course duly marked by flags and titled "Joker". The Joker may be jumped twice; 200 points are awarded each time this obstacle is jumped correctly, but if it is knocked down, 200 points must be deducted from the total points obtained so far by the competitor.
- l. If by ringing the bell, a joker is required to be jumped within twenty seconds after the fixed time has expired and after the competitor has crossed the finishing line, only one attempt is allowed.

- II. Jog Format
- All horses entered in the International Hunter Derby class must jog for soundness during the Official Jog prior to the start of the first round in order to compete. The Official Jog must be held within 24 hours of the start of the first round. This jog will be run in a manner similar to an FEI jog.
  - A horse must be officially entered in the class before it will be allowed to jog.
  - Proper attire is required (i.e. riding clothes or proper attire which an exhibitor would wear to compete in a model class).
  - All horses must be presented at the Official Jog with their actual competition number and wearing a conventional hunter bridle, including noseband.
  - The judging panel for the Official Jog shall consist of the competition veterinarian and a minimum of one judge from the judging panels officiating for the class.
  - The jog surface must be level. Horses shall be evaluated from the side and following consultation with the veterinarian, the decision of the participating judge(s) is final and binding and not subject to further appeal of any kind.
  - If a horse does not pass the jog, the exhibitor may request to re-present the horse to the judge(s). The judge(s) may decide to allow the horse to re-present at any time up to one hour prior to the start of the class. The vet and one of the judges from the original panel must be present.
- III. Order of Go
- The order of go must be posted a minimum of one hour prior to the start of the class.
  - The draw may be performed by hand or competition management may host a computer draw.
  - In the case of multiple horses being ridden by the same rider, competition management must pre-select draw positions for each horse. When possible, every effort will be made so that there will be a minimum of eight horses (if available) separating multiple riders. All horses must be ridden in the sequence that appears on the jumping order in all rounds of the competition, unless class specifications call for a new order for the second round and/or jump-off.
- IV. Stabling/Schooling
- All horses competing in the Derby class must be on the competition grounds 24 hours prior to the start of the first round of the class.
  - All horses will be monitored and must remain on the competition grounds until the horse is finished competing in the Derby class. Any horse that leaves the premises prior to completing it's participation in the Derby class is disqualified.
  - All horses must be ridden in official horse show schooling areas unless competition management designates a specific schooling area for derby horses. Riders must wear the horses' competition number while mounted.
- V. Judges
- There will be a total of four judges for this class. Judges will be seated separately in two panels consisting of two judges per panel.
  - Each judging panel may consist of either two R-licensed hunter judges or one R-licensed hunter judge and one F-licensed hunter judge.
  - All judges must be Federation licensed and in good standing with the Federation and USHJA.
  - No guest cards will be granted for this competition.
  - Prior to the start of the class, one judging panel must be designated as the tie breaking judging panel for the first round and another panel must be designated as the tie breaking judging panel for the second round. The tie breaking judging panel for the first round will also be designated as the tie breaking judging panel for the jump-off round.
- VI. Judging System
- The Classic Hunter Style Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped. These two scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse-and-rider combination for this round.
  - The Handy Hunter Round shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped and each judging panel must award a Handy Bonus Score consisting of between zero and 10 bonus points to each horse-and-rider combination for handiness of round. These three scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse-and-rider combination for this round.
  - The Jump-Off Round, if required, shall be judged and numerically scored on quality, movement, jumping style, manners and way of going. Pace and brilliance are to be rewarded. Jumping decorations to utilize a shorter track is NOT permissible. In addition to this base score, each judging panel must award an Option Bonus Score consisting of one additional point for every higher height option fence jumped and each judging panel must award a Handy Bonus Score consisting of between zero and 10 bonus points to each horse-and-rider combination for handiness of round. These three scores must be announced separately and then added together to determine each horse-and-rider combination's score for this round from each judging panel. The scores of all the judging panels will be added together to determine the total score of each horse-and-rider combination for this round.
- VII. Tie Breaking Procedures
- Neither judging panel may award the same base score to any two competitors in any one round unless a competitor's score is below the cut-off score.
  - All ties in all rounds will be broken by the base score (before adding height and/or handy bonus points) of the designated tie breaking judging panel.
  - Unless the prize list states that more than 12 entries are to return for the second round, only the top 12 horses from the first round, after all ties are broken, are eligible to return for the second round.
  - All ties for overall first place in the class will compete in a jump-off round. In the case of unsafe conditions preventing a jump-off from being held, the tie will be broken using the second round base score (before adding height and handy bonus points), of the designated jump-off tie breaking judging panel.
  - Ties for other than first place in the overall standings will be broken using the second round base score (before adding height or handy bonus points) of the designated jump-off tie breaking judging panel.
- VIII. Award Presentations
- For all Member Event Series classes, USHJA will provide ribbons for the first round, second round and the overall standings. All riders in the top 12 overall (or their designated representative if they are not available) must ride for ribbons in order to receive prize money.
  - Competition management may offer additional awards (e.g., highest placing junior owner, highest placing amateur, highest placing thoroughbred, highest placing rider competing on only one entry in the class)
- IX. Cancellation Policy
- Competitions approved to host an International Hunter Derby must hold the class with a minimum of three entries, unless the entire competition is cancelled. Cancelling the class without cause (i.e., an act of God), is grounds for future applications to host an International Hunter Derby to be denied.
- X. Class Specifications
- USHJA International Hunter Derby classes may only be offered at USEF licensed AA-rated competitions and competitions that have been approved for a Special Competition status
  - A minimum of \$10,000 prize money must be offered per class.
  - Competition management will collect and remit to USHJA the per horse entrant fee of \$50.
  - The entry fee cannot exceed 10% of the prize money offered and must include the \$50 per horse fee.
  - In order for International Hunter Derby National HOTY bonus points/money to be awarded, riders must complete the USHJA Exhibitor Declaration Form. If the Exhibitor Declaration Form is not completed and submitted to the show office either at the time of entry or at least one hour prior to the start of the class, horses will not receive bonus points/money for the International Hunter Derby.
  - National HOTY bonus points/money are awarded to each horse's respective section as declared at the time of entry. Riders may only declare one hunter section for National HOTY points/money. Only Juniors or Amateurs may declare for the applicable Junior or Amateur Owner section. Horses declared in open sections will be awarded both bonus points and the value of their money won for their declared hunter section, toward the appropriate HOTY standings.
  - There is no limit to the number of horses a rider can ride in each class; however, a competition may choose to limit the number of horses a rider can compete to no less than three horses, as long as the competition notifies the USHJA 60 days in advance of the date of the class and such limitation is printed in the prize list.
  - Horses entered in this class are not required to show in any other hunter or jumper classes at the horse show.
  - If questions arise pertaining to the International Hunter Derby that cannot be answered from the class specifications provided, one of the following USHJA representatives must be contacted to resolve any questions regarding the judging procedures or class specifications:

Ron Danta-Chairman of the High Performance Hunter Committee ..... 803-243-0700  
Bill Moroney-USHJA President ..... 301-730-8280
  - A computer ranking system tracks the money won for both the horse and rider.
  - The USHJA International Hunter Derby is a featured class of the horse show, and must be presented as such with regard to arena size and location, jump quality, decorations, footing and ring preparation, lighting, etc. The Derby ring must have spectator seating, a quality sound system, and a dedicated announcer with no other duties during the class. An electronic scoreboard is recommended.
  - The USHJA International Hunter Derby is a two round class with a jump-off round when necessary. Competition Management may apply to hold the Derby class in it's entirety on one day or may apply to hold the first round on one day and the second round and jump-off (when necessary) on the following day. If the two day format is utilized, the class must be held on consecutive days with the first round on day one and the second round and jump-off (when necessary) on day two. When applying to host a Derby class, competition management must designate the format they intend to follow and apply for the day(s) and date(s) accordingly. Competition management must then list the format they have been approved for in their prize list, schedule, and any other form of advertising for the Derby class. Any request to change the format and date(s) applied for and approved must be made in writing to the USHJA a minimum of 30days before the date(s) of the class and all exhibitors must be notified of the change.
  - The course diagrams for each round must be posted a minimum of one hour before the start of the first round, unless the second round and/or jump-off are held at another time. In that case, the course for the second and/or jump-off rounds must be posted a minimum of one hour prior to the start of the second round. Copies of the course(s) must also be available for distribution at the Riders Meeting.
  - It is important for competition management to make sure that information on the scoring system is available to spectators.
  - The same horse may not compete in the USHJA International Hunter Derby and the National Hunter Derby at the same competition.
  - Prize money must be distributed as follows: 30% for 1st, 22% for 2nd, 13% for 3rd, 8% for 4th, 6% for 5th, 5% for 6th, 4% for 7th, 3% for 8th and 9th, 2% for 10th, 11th, and 12th.
